HOTEL BUSINESS AND GASTRONOMY

# enjoy

## Indulgence of a special kind

Inspired by the natural curves of a graceful chain, the *Enjoy* collection makes a captivating impression with its modern, timeless design that is both unusual and harmonious. The ongoing popularity of specialty coffees and teas is where the *Enjoy* collection really comes into its own: the lively design provides an extravagant showcase for each cappuccino, café au lait or cup of tea. The strikingly designed saucers and plates are a real treat for the eyes. The rounded shapes and variety of cup sizes make this a perfect concept to be used in discerning cafés, trend-setting coffee shops and snack bars.

THE PORCELAIN OF TOMORROW – SINCE 1881

# Enjoying the good things in life, in style

*Enjoy* adds a special highlight to hot drink and snack food presentation.

*Coffee to stay –  
Enjoy your coffee – at any time.*

# Unusually lively

Harmony and extravagance are by no means mutually exclusive, as shown in the design of the *Enjoy* collection. The shape of each item features an individual variation of catenary lines – harmonious, casual curves of natural elegance. The asymmetric pieces emulate the flowing lines of a horizontally arranged chain. The round plates and saucers subtly follow these lines with their classic rim design, and the handles of cups, mugs and pots with their gentle, dynamic contour are delightful to the touch. A refreshing mixture, extraordinary yet simple. Thus, *Enjoy* is leaving a distinctive mark on porcelain design. Designed for those who not only want to indulge their guests, but to surprise them as well.

*Refreshing curves for a great start to the day.*

# Sophistication for stylish snacks

With the *Enjoy* collection, Bauscher is making a deliberate statement in the world of hot beverages and snack culture. For example, the two generously designed, asymmetric plates – deep and flat – are excellently suited to serving all kinds of snacks, from soup or salad and light pasta dishes to classic sandwiches. They provide an extraordinary frame, get the guest's attention, and turn little sweet or savoury snacks into a special experience.

*Enjoy Snack – little moments  
of indulgence.*

# A well-rounded delight

The *Enjoy* collection radiates international style – that's why it fits so well in the catering and hotel trade worldwide. The modern proportions of the round plates beautifully complement the asymmetric shapes. The wide, flowing rims subtly repeat the design concept of catenary lines and add a strikingly elegant note to any dinner. The clear, classic design thus sets a prominent stage for absolutely perfect dinner compositions.

*Enjoy Dinner – for a stylish finish to the day.*

# Quality Made in Germany

The *Enjoy* collection offers exciting scope for presentation and design, and also looks superb in combination with other Bauscher collections. The Bauscher Hotel & Gastronomy catalogue provides all kinds of fascinating inspirations. And every piece of porcelain is perfectly suited to the hard daily wear of gastronomy, for quality is the most important feature of our brand. This has been true since 1881 when the brothers August and Conrad Bauscher founded the company in Weiden, Germany. Bauscher porcelain is extremely robust and meets the highest demands on quality and functionality: professional porcelain Made in Germany.

Bauscher has always stood for design that sets standards in professional porcelain, not only in the shaping of any given article but also in its extraordinary colors. We take great pride in our Atelier. Day in and day out, the designers at our in-house studio create new, unmistakable décors in close coordination with our customers. Whether elegant colors, fine vignettes or vivid patterns – a décor is an important message in gastronomy that sets an establishment apart and underscores its personality.

# Our special forte: custom-made designs

Our studio's portfolio encompasses a collection of more than 25,000 décors. Anyone who cannot decide from such a huge choice can simply have their own individual décor created. We remain at the customer's side throughout the production process, sharing our experience and creativity from the first draft to final delivery.

# Personality begins where comparison ends

With high-quality porcelain an establishment presents not only the kitchen's finesse to the guest, but also an important part of its personality. The significance of an individual décor is impossible to overestimate. It raises recognition value in the competitive hotel and gastronomy industries. It treats the guest to a coherent overall impression and demonstrates that quality is a top priority for the host. In times when guests can choose from the diverse gourmet offerings from all over the world, custom décor is decisive in making a good and lasting impression.
