

METAL LUGGAGE RACKS

USE

- Stainless Steel is a resilient material but if not cared for properly dark patches can form on its surface.

CLEANING

- Finger prints can be removed with a microfiber cloth.
- General cleaning can be achieved by using warm water and a pH-neutral washing up liquid.
- Rub dry with a lint-free cloth in the direction of the finish to prevent stains from forming

DO NOT

- DO NOT place items over 50kg on the stand.

MAINTENANCE

- Clean products as above.
- Allow to dry fully.
