

TILT BRUSHED BRASS BOWLS CARE INSTRUCTIONS

Made from solid spun Brass with a brushed finish, this material will form a patina through use which can be easily cleaned using natural materials or commercial cleaning products.

USE

- Suitable for use only with dry food products

CLEANING

- Hand wash only using a standard dishwashing agent
- Wipe with a non abrasive sponge or cloth using D10 or equivalent commercial washing up liquid
- Ensure detergent is removed with a clean damp cloth using fresh water
- To dry, wipe off excess water with a towel and keep the products separated, ideally in a drying rack
- Only stack products if they are clean and dry

RESTORE FINISH & REMOVE PATINA

- Using Natural Products: Cut a lemon in half, add salt to the cut side and rub gently onto the item. You can also make a paste with lemon juice, and equal parts salt and non-oxidized cornstarch or baking soda.
- Using Commercial Products: Commercially available brass cleaners are readily available - follow the manufacturers instructions for best results

RESTORE FINISH & REMOVE PATINA

- DO NOT use abrasive or highly alkaline/acidic cleaning products or cloths
- DO NOT place the products in a dishwasher
